

# Meet Ms. Pagoli

## Welcome!

I am so excited to be your 4th-grade teacher. It's going to be a great year full of new collaborations, new discoveries, and shared learning. A little about myself – I am originally from Melbourne, Australia. I have an undergraduate degree from Monash University in Victoria and a postgraduate teaching degree from The University of Melbourne. After two years of teaching the Australian Curriculum in Melbourne, I made the move into international teaching. I have taught exclusively in the Primary Years Program for the past six years. Before Dubai, my international teaching career took me to bustling Shanghai for three years and then to Norway for two years. This will be my second year teaching at GEMS World Academy. I look forward working with you toward another incredible year. Go Dragons!

## In this classroom..

We are a team! We value student ideas, thoughts, and actions. Every child has unique talents and strengths that they are encouraged to share in constructive and creative ways. I believe in fostering passion and resilience within my students, and I expect them to extend respect and compassion to all.

## Contact Me:

I love to have conversations with parents throughout the year. Please contact me via email with any questions or concerns. I want to partner with you to best support your child!

Kind regards,  
Ms. Audrey Pagoli
